

D.E.M.S.

DIPLOMA IN ELECTROPATHY MEDICINE & SURGERY

Electropathy or Electro Homoeopathy is an integral part of the Alternative System of Medicine. It is natural, harmless, simple, unique, non-toxic, non-alcoholic and has no side effects whatsoever. It is very cheap and affordable to all sections of the society. It is a very powerful system of medicine that is surely going to be a boon for humanity as these are non-poisonous & do not leave any side effects. Medicines that are used for this treatment are made from various types of plants. It is the method of treatment that is based on scientific elementary principles of the law of nature. Thus, Electro Homoeopathy is a reliable treatment that always provides the necessities which are required by the body.
