

Nursery Teacher Training Course

Nursery Teachers Training course also known as NTT is a diploma course for teachers who want to teach and cater to the students at nursery level or pre-primary level. This teacher workforce has to undergo the training of the general TT course where the teacher joins the workforce of several other preschool teachers. The NTT course helps the students who aim to be preschool teachers in order to facilitate the young minds of nursery children.

Some of the important subjects taught are instructional strategies, child psychology, classroom management, and cognitive development. It can be done full-time and even as a distance education course.
